2010 Is Shaping Up To Be A GREAT Year for Classes!

We just got back from the CHA Winter buying show and we are ever excited about the orders that we placed. It was so much fun shopping and planning for the next twenty-six weeks worth of Create-A-Page Tuesday, Create-A-Craft Thursday and regular classes that I can hardly contain myself! There is an extremely exciting line-up of great classes on the horizon and I believe this will be our best year ever for classes here at Sticker Store and More. Watch our website weekly as we get the products in and the projects designed. I think you will be truly inspired by what you see from our talented design team.

Designers/Instructors Wanted

Sticker Store and More is currently looking for Designers/Instructors to become part of our Design Team. If you think you have what it takes stop by and bring us samples of your work and we will schedule an interview!

New In-Store Promotional Program

In our continuing effort to provide the finest in paper crafting products and services we are excited to announce the new **Weekly Special** program. We have designated an end cap in the store as our **Weekly Special** end cap on which we will be presenting a terrific selection of great products at ridiculously low prices. This is NOT a clearance program. We spent a great deal of time on our recent buying trip ordering specific products to feature with this new program over the next twenty-six weeks (enough to get us through the Summer buying show) in order to offer great new products with this program.

The **Weekly Special** program is a no-coupon required special, so you can come and purchase as much as you wish without worrying about keeping track of a coupon. As such, the program is offered "while supplies last" and no additional discounts will apply since the **Weekly Special** prices are so insanely low. So make it a point to shop early in the week to make sure you don't miss out on the great savings.

Happy Scrapping and Stamping! - *Karen*
